Each year provides MonDay with new opportunities to advance our mission of fostering personal growth, accountability, and successful community reentry. This past year has been one of measurable progress, innovation, and a renewed commitment to evidence-based rehabilitation.

MonDay was the first public Community-Based Correctional Facility (CBCF) in Ohio, established in 1978, and the program's success led to the expansion of similar services statewide. We have, and will, continue to lead from the front in the field of community corrections and treatment. At MonDay, we believe that meaningful change occurs when residents are provided with the tools, structure, and support necessary to succeed beyond incarceration.

Over the past year, we have expanded our clinical and educational programming, increased access to mental health and peer recovery services, and strengthened our partnerships with community organizations and the courts. These efforts have resulted in improved resident engagement, enhanced continuity of care, and a more holistic approach to treatment. Additionally, we have seen a significant increase of approximately 4% in successful exits, meaning more individuals are taking advantage of our programming and returning to the community equipped with the skills needed to sustain success.

A significant area of advancement has been in innovation and modernization. MonDay was honored to receive the inaugural Innovation Award, presented by the Ohio Department of Rehabilitation and Correction and the Ohio Justice Alliance for Community Corrections, recognizing our leadership in developing forward-thinking practices within community corrections. This spirit of innovation extends not only to our resident services but also to our dedicated staff. From expanding high-quality clinical programming, including EMDR therapy, Medication-Assisted Treatment (MAT), and Mindfulness-Based Interventions, to implementing new approaches that strengthen residents' vocational skills for success after release, we continue to seek ways to enhance learning and outcomes within our organization.

Our commitment to staff development remains a cornerstone of our success. Through enhanced training, supervision, and professional growth opportunities, MonDay continues to invest in the individuals who make this work possible. Our team's passion, dedication, and professionalism are the foundation upon which all our achievements are built.

Looking ahead, MonDay will continue to focus on expanding vocational and life-skills programming, improving access to behavioral health services, and strengthening community reintegration support. We remain steadfast in our belief that innovation, compassion, and accountability can work together to create safer communities and more hopeful futures.

On behalf of the entire MonDay staff, I extend my sincere gratitude to our partners, stakeholders, and the community for their continued trust and collaboration. I would also like to express my appreciation and acknowledge the dedication and service of those who came before us, especially Director Emeritus Michael Flannery. Under his steady guidance, MonDay grew and embraced change. Together, those who came before and those who now give selflessly, we are shaping a restorative justice environment that values opportunity, dignity, and change.

Sincerely,

Benjamin Sexton, MA, PhD(c), LPC, LICDC

Director

Highlights for FY25:

Here are just a few of the milestones we accomplished in FY 25:

- Successfully passed the American Correctional Association (ACA) audit in October 2024 (100%).
- Received the inaugural Clifford Skeen Innovation Award from ODRC and OJACC.
- Implemented Medication Assisted Therapy/Medications for Opioid Use Disorder (MAT/MOUD).
- Expanded EMDR Therapy for residents with trauma histories.
- Introduced dedicated programming for Batterers Intervention for domestic violence.
- Expanded quality employment opportunities for residents through community.
- Expanded vocational skills education to decrease barriers of post release.
- Embraced *Normalcy* initiatives to enhance resident experience at MonDay.

Future Initiatives for FY26:

Looking forward to FY '26 to work on developing and accomplishing several initiatives:

- Expansion of vocational and workforce development programs
- Increasing MonDay's good neighbor stance to increase community cooperation
- Integration of new technology to increase our staff and resident experience
- Enhancement and expansion of specialized treatment services
- Facility and infrastructure modernization
- Staff training and development
- Expansion of academic collaboration and research
