MONDAY CCI - ADMISSION CRITERIA REQUIREMENTS

MonDay assesses each felony offender referred by the Court or Parole to determine if they are appropriate for the program. MonDay follows the Ohio Department of Rehabilitation and Correction (DRC) screening requirements for offenders sentenced to a Community Based Correctional Facility (CBCF) as established in the Ohio Administrative Code (OAC). The OAC mandates the use of the Ohio Risk Assessment System (ORAS) as the validated risk assessment instrument to determine if an offender meets the admission requirements for placement in a CBCF. All eligibility criteria is reviewed and approved by the MonDay CCI Facility Governing Board.

1. **DRC's Eligibility Requirements: Offenders** sentenced to a CBCF through the administration of the Ohio Risk Assessment System (ORAS) as established by the Ohio Administrative Code (OAC) 5120:1-14-04 Screening Standards B (2); and OAC 5120:1-14-09 General Operating Standards for Community-Based Correctional Facilities B, C, D & E. The decision grid is a visual guide to explain DRC's requirements for admission to CBCF based on the ORAS risk level at Initial Sentencing and Revocation:

2.

SCREENING DECISION GRID

Felony Level	ORAS	Sentencing Requirement		* Deviation Cap Exclusions	
	Risk Level	Initial Sentence	Revocation	Domestic Violence, Sex Offenses, Non-Support & AOD	Judicial Release
F1 & F2	ALL RISK LEVELS	YES	YES	YES	YES
F3	HIGH	YES	YES	YES	YES
	MODERATE	YES	YES	YES	YES
	LOW	NO	NO	NO	YES
F4	HIGH	YES	YES	YES	YES
	*MODERATE	NO - unless it meets DRC's VCS and/or CCR Exception		YES	YES
	LOW	NO	NO	NO	YES
F5	HIGH	YES	YES	YES	YES
	*MODERATE	NO - unless it meets DRC's VCS and/or CCR Exception		YES	YES
	LOW	NO	NO	NO	YES

***2. DRC's Exceptions for Moderate Risk Level & Deviation CAP Exclusions:**

- **a. F4 & F5 Offenders** - who score as Moderate on the ORAS are **"NO's"** unless they meet either or both
  of the following conditions that apply:
  - i. **Violating a Condition of Supervisions (VCS)**: The offender is being placed in the facility for ***violating a condition of supervision***, **or**
  - ii. **Community Control Revocations (CCR):** The offender has one or more ***community control revocations*** in the preceding five years – which the OAC defines as: "… means an entry journalized by a juvenile court, municipal court, county court, county municipal court, or court of common pleas in response to an offender's violation of a condition of community control and through which the court imposes a longer time under the same sanction, imposes a more restrictive sanction, or imposes a period of incarceration in response to the violation."
- **b. CBCF Deviation Cap Exclusions - The** categories of ***offender excluded*** from the CBCF deviation cap are**:**
  - i. Offenders committed to the facility as a condition of Judicial Release.
  - ii. Offenders **whose initial or overridden risk level is moderate** and who are committed to the facility for **programming that is directed at a specific, targeted population**. Such offenders are those convicted of but not limited to:
    1. Domestic violence
    2. Sexually oriented offenses
    3. Failure to pay for child support
    4. Alcohol and other drug related offenses (AOD):
       - a. The offender has a diagnosis of opioid dependence or substance-related addictive disorder from a licensed clinical professional within the past twelve months; or
       - b. The details of the offender's current criminal conviction or probation violation involve the use or possession of opiates, alcohol or other drugs.

3. **Unsuccessful MonDay Residents:** Eligible to be reassessed for admission if they have sufficient time
   remaining on their sentence.

EXCLUSIONARY CRITERIA

1. **DRC's Exclusionary Requirements:** Offenders who ***do not*** meet the Ohio Department of Rehabilitation and Correction (DRC) eligibility requirements for offenders sentenced to a

CBCF through the administration of the ORAS as established by the OAC 5120:1-14-04 Screening Standards B (2); and OAC 5120:1-14-09 General Operating Standards for Community-Based Correctional Facilities B, C, D & E.

2. **MonDay's Exclusionary Requirements:** Offenders who meet the following are not eligible for admission:
    1. Is currently on an appeal bond.
    2. Mental health conditions which would prevent what is considered appropriate and safe interaction, engagement in services, or pose a threat to themselves or other residents**. ****
    3. Medical problems which would prevent integration into the program/pose imminent health risks. ***
    4. Refuses to participate in MonDay Community Correctional Institution's clinical services.
    5. Refuses to fully complete intake paperwork, including informed consent for treatment.
    6. Assessed as having profound cognitive disabilities that would interfere with treatment engagement.

**** Mental Health Problems that are beyond MonDay's Scope of Services**

- Severe mental health disorders or diagnoses with symptoms that are too severe for the program will be reviewed on a case-by-case basis by licensed mental health staff to determine program appropriateness and whether there is an imminent safety risk to the resident or others.

*****Medical Problems:**

- **Physical Ability to participate in the Program**: must be able to perform tasks of daily living requiring reasonable mobility. MonDay CCI is fully ADA compliant.
- **Dental**: Acute and severe problems should be resolved before a resident is admitted to the program.
- **Medications**: Medical staff review residents' medications to assess if they:
    - Are restricted
    - Need medical supervision for withdrawal prior to entering MonDay.
    - **Some medications may be determined to be *cost prohibitive* - admission *may be reviewed for acceptance* due to costs, unless alternative funding sources can be secured.**

THIS IS NOT A COMPREHENSIVE LIST AND IS SUBJECT TO CHANGE				
NON –ACCEPTABLE MEDICAL CONDITIONS	**ACCEPTABLE MEDICAL CONDITIONS**	**PROHIBITED MEDICATIONS**	**PROHIBITED ANALGESIC / PSYCHOTROPIC MEDICATIONS (Any Abuse / Dependence / Overdose Potential Medication such as noted below)**	**PSYCHOTROPIC MEDICATIONS Require assessment/review due to severity or prescriber concerns**
• Advanced Chronic Obstructive Pulmonary Disease • Advanced Cardiac Disease • Dialysis • Supplemental Oxygen Dependence	Seizure Disorders/Epilepsy: • Must be on appropriate medication at therapeutic levels Insulin Dependent Diabetics: • Type of insulin prescribed assessed prior to admission; must be stable on insulin	• Anticoagulants • Digoxin • Lanoxin • Pradaxa • Diovan HCT • Enbrel • Elavil	• Benzodiazepines • Barbiturates • Opioids aside from MOUD medications. • Neurontin (gabapentin) • Lyrica • Ultram (tramadol) Stimulants such as: • Adderall • Ritalin Sleep medication such as: • Ambien • Lunesta Tricyclic Antidepressants • Anafranil • Elavil • Doxepin • Sinequan • Tofranil	Atypical Antipsychotics such as: • Clozaril • Latuda Typical Antipsychotics such as: • Haldol • Prolixin • Trilafon • Thorazine Long-acting injectable antipsychotics may be reviewed with psychiatrist and prescription changed to daily oral medications, or other antipsychotics, if prescribed

Contact Information for Referring Candidates

Referrals to the program can be sent via email to MonDayReferral@mcohio.org.

For additional information and questions regarding any referrals, please contact Screening Coordinator, Linsey Manning, at 937-496-7327 or the Clinical Manager, Nick DeFazio, at 937-496-7302.
